

Shown: Landmark TL in Burnt Sienna

Easy selection. Long-term protection.
And a #1 rating with building and remodeling professionals.

What's behind our #1 rating?

Builders and remodelers across America know certain things to be true of CertainTeed. For starters, we've been in the roofing business for over 100 years, and we have thousands of satisfied homeowners. The process of building that satisfaction begins the moment you turn to us.

CertainTeed offers you the broadest range of color and style choices. But you'll see it's not style over substance. You'll get a roof that's made from the highest quality materials and backed by a strong warranty program. It's our promise to you: quality made certain, satisfaction guaranteed.

Not sure which color to pick?
Check out CertainTeed's ColorView.

ColorView is our interactive tool to help you visualize product style and color options. Using it is easy (and even a little fun). Just go to certainteed.com/colorview.

You've got questions? For answers, or to find the professional contractor nearest you, call our Consumer Hotline at 800-782-8777.

CertainTeed
Impact Resistant
Shingles

Shown: Presidential Shake™ in Weathered Wood

A strong roof.
A stylish home.

Our impact resistant shingles will give you both.

Having a roof that's extra strong shouldn't mean compromising on style. That's why we give you choices to suit your needs and tastes—even when it comes to impact resistant shingles. Each of the options below has an added fiber glass backing. It's there to provide an enhanced level of impact resistant protection over and above the high durability these popular, strong shingles already possess. Each of these shingles has proven it can stand up to the force of a two-inch steel ball dropped from twenty feet without cracking.

Presidential Shake™ The sculpted edges and staggered design combine to give your roof the charm and beauty of authentic wood shakes. Presidential Shake, made of two laminated layers of the industry's most durable materials, was the first of its kind. No other shingle replicates the look of real wood shakes quite so stunningly.

Landmark™ TL An impact resistant version of our dramatically thick luxury shingle offers you the distinct look of natural wood shakes, not to mention a lifetime warranty. Made of three laminated layers of the industry's strongest roofing materials, it's dimensional in appearance and unparalleled in durability.

Landmark Special™ With soft shadow lines, a random tab design and a patented color blending process, Landmark Special gives your roof the classic shades and dimensional appearance of natural roofing materials. Designer looks combine with high durability to produce a shingle with a 50-year warranty.

XT™ 30 With the added impact resistance, this traditional three-tab shingle offers a level of protection that's far from everyday. It's available in several colors and has a 30-year warranty.

Some insurance companies offer premium discounts for the use of UL 2218 Class 4 products; check with your agent to see if you are entitled to a discount.

Landmark TL

Landmark Special

XT 30

Presidential Shake

Add the right accessories and ensure full protection.

For your Landmark TL, Landmark Special or XT 30 impact resistant roof, use CertainTeed XT 30 IR UL 2218 Class 4

impact resistant roofing shingles of the same color for capping hips and ridges. Double capping will add depth and dimension.

To ensure your entire Presidential Shake roof meets UL 2218 Class 4 impact resistance, Impact Resistant Presidential Accessory must be used on the hips & ridges, and Impact Resistant Presidential Starter must be used for the starter course.

Color Companion Products™

Want it all to match? CertainTeed offers Flintlastic™ SA, a low slope roofing product that goes perfectly with impact resistant shingles. It's available in several colors, giving you the flexibility to coordinate or match areas such as porches, canopies and carports with your main roof.

Enjoy the extra confidence of SureStart™ protection

Your warranty is strong on its own. But you also get the added confidence of SureStart protection. That simply means if any problem due to a manufacturing defect occurs during the SureStart period, call us. Upon inspection, we'll cover labor and material replacement costs at 100%.

Roofs are big. Color is important. Choose wisely.

1. Think big—View a full-sized shingle, not just a swatch or sample.
2. Be real—Look at actual houses where the house/roof color combinations are similar to what you're considering.
3. Watch the light—As you look, notice how colors appear under changing light conditions and at various times of day.
4. Consider the pitch—Look for roofs with a similar pitch to your own. A roof's pitch affects the way you see its color.
5. Ask your contractor—They might be able to point you to a home where they've installed a roof of your style and color.

Integrity Roof System™. Give your home the best protection.

Hip & Ridge Cap Shingles
These shingles are used to finish the hips and ridges on your roof.

CertainTeed Shingles
High-quality shingles are covered by one of the best warranties in the business.

Roofers' Select™
High-performance underlayment is a secondary barrier against leaks for the entire roof.

WinterGuard™
Waterproofing underlayment prevents leaks caused by ice dams and wind-driven rain in vulnerable areas.

Ventilation
Proper attic ventilation improves air circulation. Air Vent, Inc. ventilation products are recommended for use in connection with the Integrity Roof System.

Lifetime, 50-Year or 30-Year Limited Transferable Warranty*
Provides coverage in the event of manufacturing defects

15- or 10-Year StreakFighter™ Warranty
Protects against streaking and discoloration caused by airborne algae

10- or 5-Year SureStart™ Protection
Covers 100% of replacement and labor costs due to manufacturing defects

See actual warranty for details and limitations.
Warranty information available online at www.certainteed.com.
